Verse 1 (normal strum pattern):

Em Em  
I came upon a child of God  
C C  
He was walking along the road  
C C  
When I asked him 'Where are you going?'  
Em Em  
This he told me  
Em Em  
I'm going down to Yasgur's farm  
C C  
Think I'll join a rock 'n' roll band  
C C  
I'll camp out on the land  
Em Em  
I'll try and set my soul free

Chorus:

Am Am  
We are star- -dust  
Em Em  
We are golden  
Am Em D (strum once & hold)  
And we've got to get ourselves back to the garden

Verse 2:

Em Em  
Then, can I walk beside you?  
C C  
I have come here to lose the smog  
C C  
And I feel just like a cog  
Em Em  
In something turning  
Em Em  
Well, maybe it's the time of year  
C C  
Or maybe it's the time of man  
C C  
And I don't know who I am  
Em Em  
But life's for learning

Repeat Chorus

Verse 3:

          Em                  Em  
By the time I got to Woodstock  
          C                  C  
They were half a million strong  
C                          C  
Everywhere there were songs  
          Em          Em  
And celebration  
          Em                  Em  
And I dreamed I saw the bombers  
          C                  C  
Riding shotgun in the sky  
          C                  C  
Turning into butterflies  
          Em          Em  
Above our nation

*Repeat Chorus*

*End with one strum of Em*
