

## The Kinks - Waterloo Sunset

Intro: | D7 | D7 | D7 | D7 |

### Verse 1:

                  G  D  
Dirty old river, must you keep rolling  
                  C  C  
Flowing into the night  
                  G  D  
People so busy, makes me feel dizzy  
                  C  C  
Taxi lights shine so bright  
                  Am          Am                                  Am  
But I don't                  need no friends  
D7                                  G                                  D7  
    As long as I gaze on Waterloo sun set  
                  C  
I am in paradise

### Bridge:

A                                  A                                  D  
    Every day I look at the world from my window  
A  A  
    But chilly, chilly is the evening time  
D7                                  D7                  D7                  D7  
Waterloo sunset's fine

### Verse 2:

                  G  D  
Terry meets Julie, Waterloo station  
                  C  C  
Every Friday night  
                  G  D  
But I am so lazy, don't want to wander  
                  C  C  
I stay at home at night  
                  Am          Am                                  Am  
But I don't                  feel afraid  
D7                                  G                                  D7  
    As long as I gaze on Waterloo sun set  
                  C                  C  
I am in paradise

Repeat Bridge

Verse 3:

Millions of people swarming like flies round  
Waterloo underground  
But Terry and Julie cross over the river  
Where they feel safe and sound  
And they don't need no friends  
As long as they gaze on Waterloo sun set  
They are in paradise

Outro: | G | D7 | C | D7 |  
| D7 | D7 | D7 | D7 |

*The original track fades. You could end this song on one strum of a G chord, or, for a more unusual ending, slow down as you play the final bars of D7 and finish on that chord.*
